

SCANDLINES HH PRESENTS:

GASTRO AT SEA

Award-winning Helsingborg restaurant Gastro takes to sea this summer. For six weeks, the restaurant is transformed into a floating gastronomic experience on Öresund in cooperation with Scandlines Helsingborg-Helsingör

Helsingborg gourmet restaurant Gastro has been among the city's most prominent restaurants for years, renowned for its lunch and dinner courses. The restaurant now cooperates with Scandlines Helsingborg-Helsingör to launch the summer concept Gastro at sea. The ambition is to entice an already loyal target audience to visit the restaurant at sea as well as to attract new guests from Denmark and Sweden – guests looking to expand their culinary horizon in the Öresund region.

Gastro at sea will reside at Danish ferry Tycho Brahe from 4 July. Wednesday through Saturday, a special set menu is served, which is signed by restaurant Gastro and prepared by its skilled staff. Menu and wine list will titillate the taste buds, owner of restaurant Gastro, Per Dahlberg, promises.

“We make dedicated efforts to strengthen integration in the Öresund region at the Helsingborg-Helsingör route, and with Gastro at sea the trip across the Sound will become even more attractive this summer. Our ongoing cooperation with local players such as restaurant Gastro adds another dimension to the Helsingborg-Helsingör route, and we hope our travelers appreciate that,” says CEO Johan Röstin, Scandlines Helsingborg-Helsingör.

See you at sea!
